

1. Black Bull extends the privilege of using privately-owned electric golf carts to Residents and their Designees only. This privilege is not extended to members that do not reside on Black Bull property. Noncompliance to the policy may result in the Club Manager terminating this privilege at any time.
2. Privately-owned golf carts must be inspected annually and approved for use by the Club Manager or its designee.
3. All privately-owned golf carts must be registered with the club and have an identification plate in clear view if used on Black Bull Property (Cart Paths & Golf Course).
4. The private golf cart owner shall have and maintain, and produce proof upon Club request, personal injury and casualty insurance for damages to any person or property caused by negligent operation of the owner's cart on Club premises, through homeowner, renter, or other liability insurance.
5. Operation of a golf cart is at the risk of the operator. Members are responsible for any cart damage by themselves or their guests.
6. Each operator of a golf cart must be at least 16 years of age.
7. Carts are not permitted within 50 feet of the front, side, or back of any green or tee unless on a cart path.
8. Please use cart paths whenever possible.

The annual private golf cart service allows the Resident or Designee, and any other person(s) authorized to enjoy the privileges of such private golf cart service pursuant to the Private Golf Cart Policies, to operate the golf cart, provided such person(s) has a valid automobile driver's license and is named on a release of liability signed by the Resident or Designee. This person(s) may ride with the owner in his or her privately owned golf cart.

All private carts are required to match the Black Bull fleet and remain consistent with the club's cars. Themed cars are not permitted. Refurbished or used cars must also match the current club fleet and be approved by the club.
